

Leadership Development

Our Leadership Development umbrella, inclusive of all other programs helps the boys become responsible citizens and prepares them to lead in today's society.

We teach these young men accountability to HOPE Farm staff, their parents, and their teachers. They learn how to properly greet another person, the benefits of truth and the satisfaction of always giving their full effort.

Character Building

Self-control, responsibility, perseverance, respect for authority, and promptness, are virtues that are emphasized in our Character Building program. They are applied in academics, recreation, dining, choir rehearsal, and household tasks.

Character Building helps the boys become responsible citizens and future leaders.

WE CREATE LEADERS

About Us

HOPE Farm is a leadership program guiding at-risk boys to become Christ-centered men of integrity.

A holistic mentoring program for fatherless boys, we partner with their mothers to provide a stable and consistent environment, rich with Godly male leadership. Boys enter the program in elementary school and are a part of the formal curriculum until their high-school graduation.

Bible Study

Daily Bible classes teach the content of books of the Bible and the application of biblical life principles, including how to voluntarily choose to have a personal relationship with Jesus Christ.

The Next Level

The Next Level, our academic program for 6th-12th grade, focuses on personal and academic independence and inspires our middle- and high school boys to become lifelong learners. In addition to tutoring and enrichment activities, we teach time management and study skills. We also schedule several service opportunities in the community showing the older boys the importance of giving back.

Academics

The Academic Program reinforces reading, language, and mathematics according to each boy's assessed skill level, personal needs, and unlimited potential. HOPE Farm staff collaborates with parents, teachers, and administrators to best serve each boy.
